AIA BALTIMORE 

Transforming Baltimore The New Green Code

As of April 1, 2015, Baltimore has adopted the **International Green Construction Code (IgCC)** as the new Green Construction Code. What will you be expected to know and do?

This presentation will take a practical look at the 2012 IgCC from the perspective of Architects and Engineers practicing in Maryland. It will cover an overview of the 2012 IgCC, including the scope and basics of the new code as adopted in Maryland and Baltimore. A technical discussion on the IgCC chapters will focus on the site development, energy, commissioning, materials, water, and IEQ requirements of the IgCC that stand out from other green rating systems.

Panelists will include:

Diana Gutierrez M.S. CIVIL ENG., LEED AP BD+C

Senior Sustainability Specialist, Straughan Environmental, Inc.

Lisa Ferretto, AIA, LEED AP BD+C

Senior Associate, Sustainability Coordinator, Hord Coplan Macht

Jeffrey Caldwell, PE, LEED AP

Vice President and Principal, James Posey Associates
